**Aide au diagnostic par analyses physico-chimiques de di lectriques
des mat riels haute tension**

Toulouse, le **29 oct 2012,**

Dear supplier,

I confirm that EDF has entrusted Sea Marconi with a National contract for analyses and diagnosis of oils of power transformers since 2009.
The total amount of Analysis is over [redacted] transformers analyzed per year, belonging to the fleets of thermal, nuclear and hydroelectric generation.
EDF has a periodical monitoring with audit the quality of the supplier.

Best regards.

Christian MONTAGNE
